ABOUT COMPANY

Wadi Al-Rimal General Contracting LLC is a leading Iraqi company specialized in construction, civil, electrical, and mechanical works. Since its establishment, it has built a reputation for quality, commitment, and innovation—executing projects that support national development and urban growth.

With a professional team and advanced equipment, we deliver integrated solutions that meet international standards and exceed client expectations. At Wadi Al-Rimal, we don't just build structures—we build trust and lasting impact.

“ Construction is not just about raising walls, but about shaping the future with purpose—and writing our name with confidence on every project we deliver.

Wadi Al-Rimal co.

“

We don't just aim to complete projects—we strive to leave an impact that builds the land and uplifts lives.

OUR VISION

To be pioneers of excellence in the general contracting sector in Iraq and beyond setting a benchmark in engineering creativity and execution quality, through projects that leave lasting urban and human impact.

OUR MISSION

At Wadi Al-Rimal, we believe construction is not just stacking stones, but a message of advancement and a responsibility of building—executed with creative minds, skilled hands, and an uncompromising commitment to quality and integrity.

OUR OBJECTIVES

- Delivering high-quality projects aligned with global standards.
- Establishing the company among top-tier contracting firms.
- Sustainable expansion in Iraq and abroad.
- Investing in national human capital.
- Integrating modern technologies and improving operational efficiency.

OUR CORE VALUES

At Wadi Al-Rimal, our work is guided by a set of core values that reflect who we are, how we operate, and what we stand for. These values are not just words—they are principles rooted in every decision we make and every project we deliver. They define our culture, drive our performance, and shape our future.

PROFESSIONALISM

We approach every project with discipline, precision, and technical excellence. From planning to execution, we maintain the highest professional standards in every detail—because excellence is not an option; it's our baseline.

CREATIVITY

We challenge conventional thinking and seek innovative solutions tailored to each project. Our creativity is not just in design—it's in how we solve problems, optimize resources, and deliver unique value.

INTEGRITY

Honesty, transparency, and ethical conduct are the foundations of our relationships. We believe that trust is earned, and we protect it through our words, actions, and unwavering commitment to doing what's right.

COMMITMENT

Deadlines, specifications, and promises matter. We uphold our responsibilities with seriousness and resilience, honoring every agreement and seeing every challenge through until completion.

QUALITY

Quality is the measure of our work. We deliver results that meet and exceed expectations through strict control, skilled execution, and continuous improvement—ensuring that every outcome is built to last.

NATIONAL DEVELOPMENT

We are proud to be part of Iraq's progress. Our mission goes beyond construction—we contribute to building communities, empowering local talents, and supporting sustainable national growth.

OUR SERVICES

At Wadi Al-Rimal, we offer integrated solutions across a range of engineering and construction fields, combining technical expertise with operational efficiency to deliver excellence in every project.

CONSTRUCTION & BUILDINGS

We specialize in delivering turnkey construction projects, including residential, commercial, and institutional buildings. From foundation to finishing, our team ensures every structure is built with durability, precision, and architectural excellence.

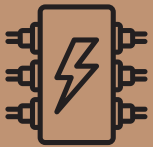

CIVIL WORKS

Our civil engineering services cover site preparation, earthworks, road construction, drainage systems, and infrastructure development. We bring structural integrity and environmental consideration to every ground-level challenge.

OUR SERVICES

At Wadi Al-Rimal, we offer integrated solutions across a range of engineering and construction fields, combining technical expertise with operational efficiency to deliver excellence in every project.

MEP (MECHANICAL, ELECTRICAL, PLUMBING)

We deliver complete MEP systems for buildings and facilities, including HVAC, power distribution, lighting, water supply, fire protection, and gas piping. Our solutions are engineered for performance, safety, and sustainability.

LOGISTICS & EQUIPMENT RENTAL

Our civil engineering services cover site preparation, earthworks, road construction, drainage systems, and infrastructure development. We bring structural integrity and environmental consideration to every ground-level challenge.

WHY CHOOSE US

-  Proven expertise in large-scale, high-impact engineering projects
-  Commitment to international safety and quality benchmarks
-  In-house equipment, including concrete & asphalt plants
-  Skilled teams with technical and operational excellence

Through proactive monitoring and continuous improvement, we foster a culture of safety, responsibility, and resilience across all our sites.

QUALITY & SAFETY POLICY

QUALITY ASSURANCE

We implement robust quality control systems throughout every phase of a project—from planning to execution. Our engineers and supervisors follow rigorous protocols, perform continuous inspections, and apply corrective actions to ensure every detail meets or exceeds client expectations and global standards.

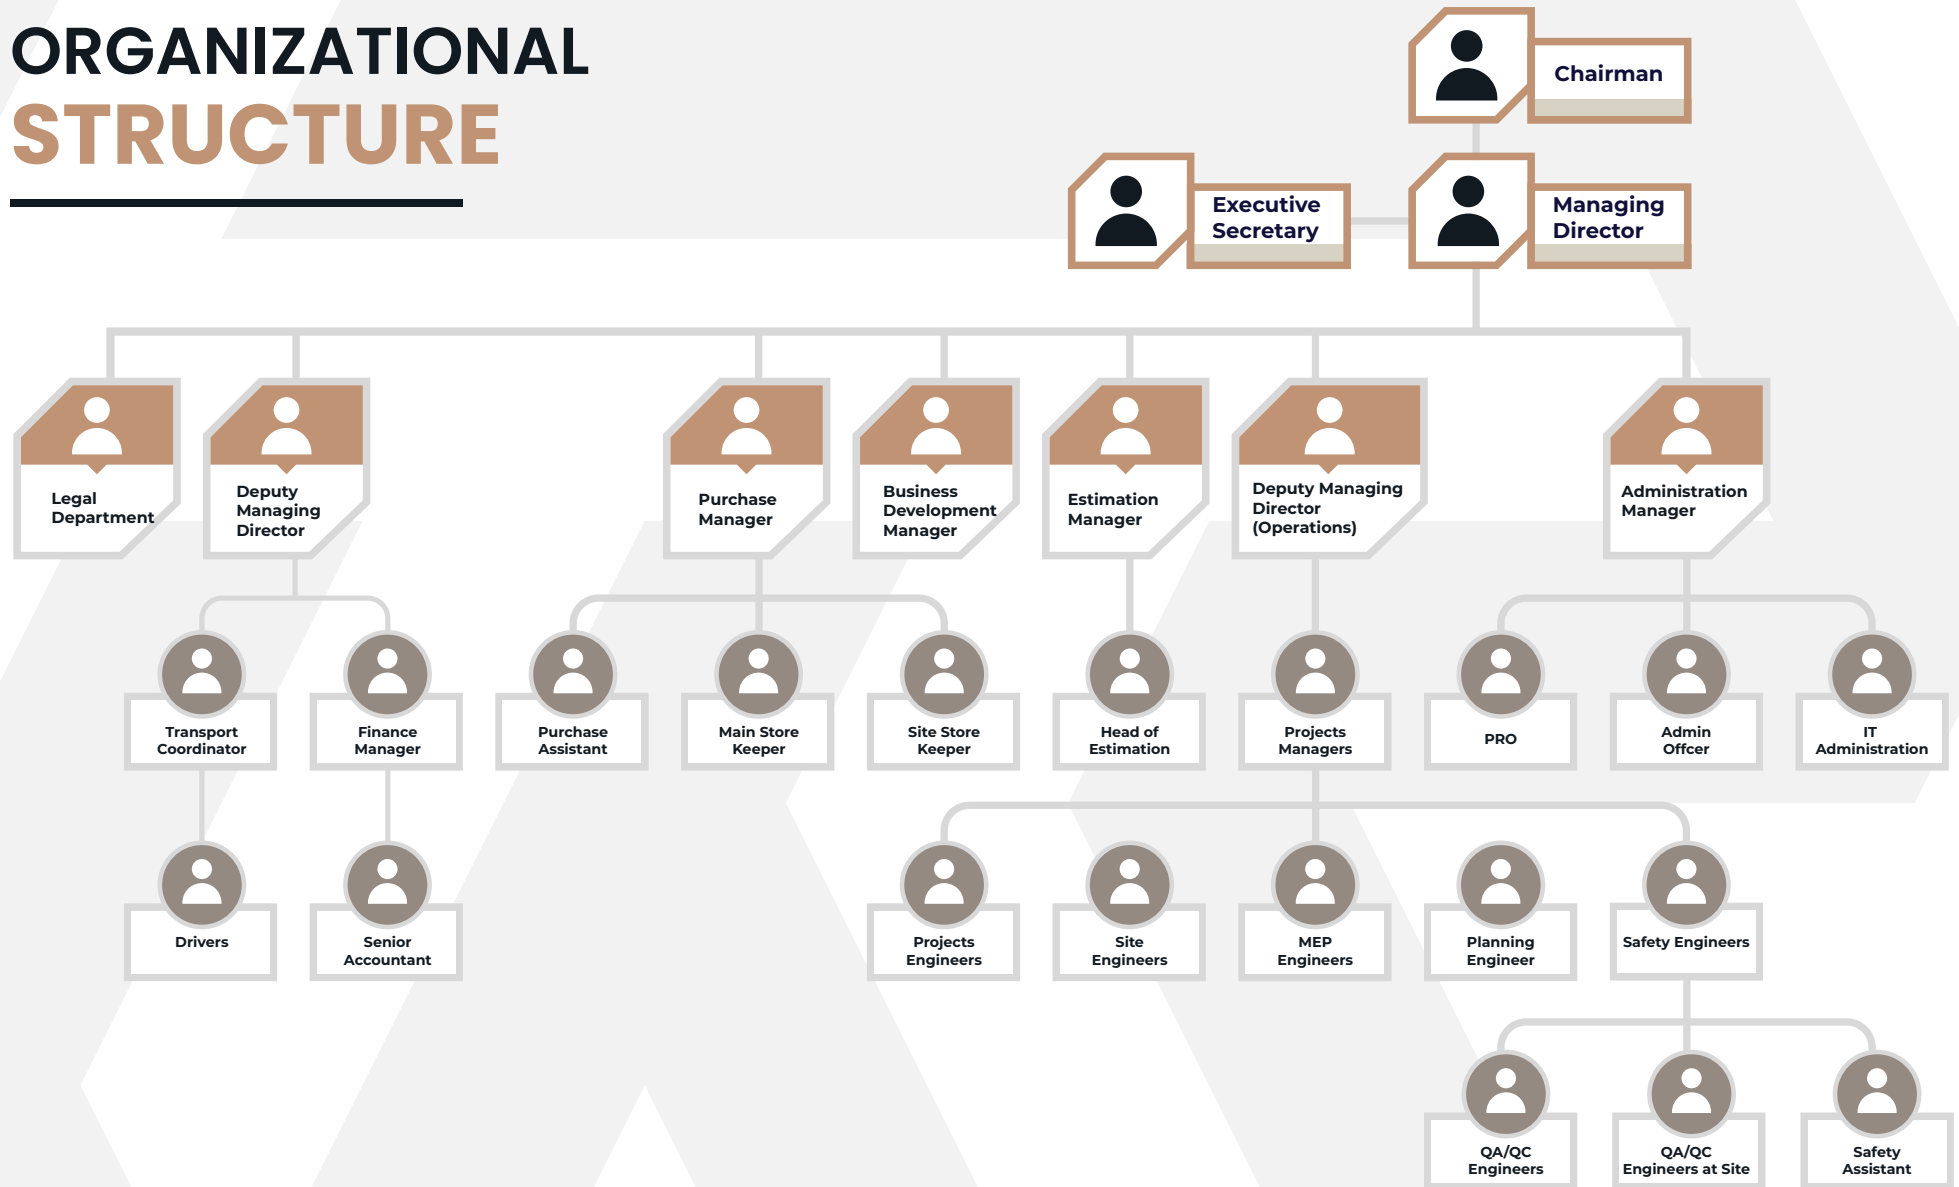

At Wadi Al-Rimal, quality and safety are not just procedures—they are core commitments embedded in our operations, culture, and project delivery. We believe that achieving excellence starts with strict adherence to international standards and an unwavering dedication to the wellbeing of our teams, clients, and the communities we serve.

HEALTH & SAFETY FIRST

We maintain a zero-compromise approach to safety. Our HSE (Health, Safety & Environment) strategy includes:

- Mandatory safety training and awareness programs for all personnel.
- On-site risk assessments and hazard identification.
- Full provision and enforcement of PPE (Personal Protective Equipment).
- Emergency preparedness plans and incident reporting mechanisms.
